

June 18, 2021

Dear residents, families, resident representatives,

I'm happy to report there are no confirmed or suspected cases of COVID-19 throughout the Catholic Eldercare campus! With the increase of vaccinations and the reduced incidence of outbreaks, I am going to pivot to sending communications on an as-needed basis for COVID-19 related information. I will begin regular communication (schedule to be determined) on applicable updates to Assisted Living licensure, as our new license takes effect 8/1/21.

Blessing on your day,

Stephanie Capelle
Director of Operations,
Housing & Community Based Services
